

Robertson Technologies, Inc.

Solutions Delivered

Core Competencies

Robertson Technologies, Inc., a Texas-based business, is a Microsoft Certified Professional partner company, incorporated in October 2002. Robertson Technologies, Inc. specializes in End-to-End Helpdesk Support and Managed Services, Business Intelligence, Office Automation, and Securing your company’s digital assets. Whether your business needs End-to-End Helpdesk Support and Managed Services, high-end business intelligence and predictive modeling or to capture and convert complicated processes and procedures into SharePoint workflows, interactive “smart forms” using InfoPath, or provide intuitive easy to use and secure enterprise content management for your documents, RTI has the solutions.

We also provide project and management services for businesses large or small. RTI honed its expertise on a wide variety of public and private sector projects ranging from complete network design and implementation, individual and server farm deployments, to on-going server and workstation hardware and application management, including patch management, end user training and support.
